

2018 Project SEED
Summer Research Program

Financial Statement Form: To be completed by parents or guardians

Applicant's Name _____

Limited scholarship funds are available to help students participate who would otherwise be expected to contribute to their family support during the summer. Stipends range from \$110 to \$2500 depending upon financial need. (Summer II students are eligible to receive \$3000 stipend). Should you be accepted into the program, you will also be informed about your stipend determination.

The family of each student must submit this form and be prepared to submit a copy of this year's tax return if the student applicant is accepted into the program. It is generally easier to file taxes first and use the tax return totals to complete this form.
